

# BÖWE Si70i

ID: 6760 - used, reconditioned -

## Industrial dry cleaning machine Si70i for the solvent PERC (Perchloroethylen)

- Loading capacity: 70 kg
- Double distillation made in stainless steel
- Distillation 1 with thermostatically controlled base- and chamber heating
- Steam heated
- 3 automatic solvent tanks
- Double water separator made in stainless steel
- Standard button trap
- Computer control: Zollner
- Blue panels (Switch cabinet), new varnishing
- Recovery section in condensation and air heater zone made of stainless steel
- Refrigeration unit for solvent and energy consumption reduction
- Tank cooling for clean tank
- Tanks with sight glass rinsing
- Cooling water shortage safety device
- Steam shortage indicator
- Water separator and post water separator made of stainless steel
- Thermostat II (low temperature drying)
- Drystat drying controller
- Emission free solvent filling device with integrated pump
- Electrical connection: 400 V III+N, 50 HZ

### **Complete reconditioned in 2021 with:**

- New gaskets for tanks, distillation, water separator
- New lint filter
- New ball bearings and seal rings for pumps and fan.
- Test run on our test bed with steam and solvent
- New varnishing with BOWE silver.
- Complete documentation with installation manual, operating instructions, spare parts catalog, computer operating instructions, wiring diagram, SpezCode list.
- Parts guarantee 3 month
- Standard packaging

### **Further new components:**

- New clear tank made of stainless steel 316 Ti
- New air hosing and electric wiring
- New cooling gas collector
- New main bearing of drum
- New condensor coils
